

## ADDRESSING THE UNIQUE NEEDS OF SMALL & HOME BASED BUSINESSES.

Operating a small or home based business does not mean you don't face the same challenges and expectations of larger companies. You

face the same risk of loss to your valuable property, business liability & business income that just can't be covered by a homeowner's policy.

**“ Millions of Americans operate full or part-time businesses from the comfort of their homes, many without any insurance protection. ”**

Now you can have solid insurance protection at an affordable price from MN Insurance Group, Inc. for as little as \$225 annually. There are 120 qualifying business classes and coverage includes Business Personal Property, Liability & Business Income. Optional coverages are also available.

*Minnesota Insurance Group is an independent insurance agency & a Nationally Branded Trusted Choice® Company.*

Call today for a free insurance consultation or view eligibility & program details on our website at [www.mnagent.com](http://www.mnagent.com)
